

Section 1 Match Suspension Policy

Updated: 1 August 2021

AYSO Section 1 recognizes that tournament matches are:

- always held for the development of the players and the enjoyment of all
- at times suspended/terminated due to weather or other circumstances beyond anyone's control,
- always played under a time, darkness or other natural constraint which limits the time to play all scheduled matches.

Accordingly, the Section has adopted the following policy:

"In the event a scheduled match cannot be played, the outcome/standings shall be determined by Playoff Director, Section Director and Section Referee Administrator or designees.

In the event a scheduled match cannot be completed, the score at the time of suspension or termination shall be the final score for purpose of determining the standings."

In the event of a conflict between this policy and any other rules and publications, this policy has precedence.
